Stakeholder & Delivery: Stakeholder Communication, Cross-functional Collaboration, Business Reporting, Presentation & Documentation, Agile, Jira
Data & Reporting: SQL, PostgreSQL, Advanced Excel, Power BI, Power Query, DAX, Python (Pandas)
Data Quality: Data Validation, Data Cleaning, Data Accuracy & Consistency, Anomaly & Gap Identification
Cloud & Data Architecture: AWS (S3, Athena, QuickSight), Snowflake, ETL Pipelines, Star Schema Design

WORK EXPERIENCE

Golden Relief Resources Pvt. Ltd. | Procurement Executive | Pune, India | Jun 2026 - Present
- Analyzed supplier, pricing, and inventory data to identify cost trends, stock patterns, and vendor performance issues supporting procurement decisions.
- Built and maintained structured Excel trackers for supplier pricing and performance, improving consistency and making vendor comparison easier.
- Coordinated with internal teams and suppliers to resolve data gaps and maintain accurate procurement records.
  Identified recurring purchasing and supplier-information issues and supported process improvements to reduce operational gaps..

Singularium Technologies Pvt. Ltd. | Business Analyst | Remote, India | Oct 2022 - Dec 2023
- Built 3 Power BI dashboards for recurring stakeholder reporting and business performance tracking.
- Automated 4 recurring MIS reports using SQL and Power Query, reducing manual reporting effort by ~6 hours per week.
- Used SQL to prepare, transform, and validate datasets before incorporating them into dashboards and management reports.
- Presented trends, findings, and process improvement suggestions to business stakeholders and leadership.

PROJECTS

E-commerce Checkout & Conversion Analysis | PostgreSQL, Power BI
- Analyzed 42M+ ecommerce events across 9.24M customer sessions to identify checkout drop-off points and conversion issues.
- Identified inconsistencies in purchase and cart-event logic and redesigned the session-level funnel logic to prevent misleading conversion reporting.
- Identified high-abandonment customer segments and translated findings into prioritized checkout improvement recommendations.
- Built an interactive Power BI dashboard to monitor KPIs, customer behavior and conversion opportunities.

Indian Startup Funding Analysis | Python, Power BI
- Cleaned and standardized 5,074 startup funding records to create an analysis-ready dataset for reporting.
- Analyzed funding across sectors, stages and geographic markets to identify concentration and distribution patterns.
- Built an interactive Power BI report to communicate KPIs, funding trends and business insights for decision-making.

EDUCATION

University of Limerick | MSc Business Analytics | Sep 2024 - Sep 2025
Fergusson College, Pune | BSc Physics (Honours) | Jul 2018 - Jul 2021

CERTIFICATIONS & ACHIEVEMENTS

Certifications & Badges: Google Data Analytics (Coursera) | Microsoft Power BI Data Analyst Path Badge | AWS Skill Builder - Data Analytics Learning Plan | SAP Analytics Cloud Core Business Intelligence Badge
Achievements: #1 SimVenture Business Simulation (20+ teams) | #2 Consultant of the Year - University of Limerick
